- **Web & Software Development:** HTML/CSS, ASP.NET, Ruby on Rails, Entity Framework, WPF
- **Engineering & Embedded Systems:** Arduino, Raspberry Pi, ModelSim, OrCAD PSpice, Tinkercad
- **IT Systems & Networking:** Google IT Support Certified, Windows 7/10/11, macOS, Linux (Ubuntu), iOS/iPadOS, Wireshark, Windows Autopilot, Microsoft Intune, Cisco Meraki, Microsoft Office, Google Workspace, Troubleshooting, Networking, Directory Services, Cybersecurity
- **Tools & Platforms:** Git, GitHub, Xcode, IntelliJ IDEA, Visual Studio, VS Code, Android Studio

Experience

Sensit Technologies, Valparaiso, IN — May 2025 - August 2025
Software Engineering Intern (Manufacturing Systems)

- Built and deployed a production-ready C# WPF manufacturing system integrating tablet UI, industrial hardware, PCB firmware, and SQL services for real-time operations.
- Drove Agile automation improvements, cutting manual labor by ~15%.

Homewood School District 153, Homewood, IL — May 2024 - August 2024, May 2026 - August 2026
Information Technology Intern

- Level 1 support for Windows and iPadOS, resolving hardware, OS, and profile issues across district systems.
- Deployed and refreshed iPads and Windows laptops via Cisco Meraki and Windows Autopilot, ensuring devices were fully wiped, updated, configured, and ready for students and staff.

Projects

Reviewer2 - *Academic Review Platform* — January 2026 - May 2026

- Built a full-stack ASP.NET Core + Blazor app for academic paper submissions and peer-review workflows.
- Implemented role-based dashboards, secure uploads, and full review tracking for conference reviews.

Pain(t) - *Fast-Paced Replication of Microsoft's Paint Application* — August 2024 - October 2024

- Developed a Java GUI app replicating core Microsoft Paint tools and interactive canvas controls.
- Refined the interface through Agile iteration, using user feedback to improve tools and usability.

Civic and Community Engagement

Order Sons and Daughters of Italy In America, *Lodge #1430* — October 2023 - Present

- Awarded an organizational scholarship for academic excellence, cultural engagement, and Italian-American heritage, actively supporting community initiatives through lodge events and outreach.

Valparaiso University Robotics — August 2022 - May 2026
Robotic Football Drive Team, Treasurer

- Unified four robotics teams, securing $15,000 in funding and managing operations, while guiding two teams through full design cycles to build and compete with robots against other universities.

Phi Delta Theta — October 2023 - May 2026
Fraternity Historian, Recruitment, Alumni, Public Relations Chair

- Strengthened the chapter's legacy by preserving key historical moments, fostering alumni and university relationships, and collaborating with members to design recruitment strategies and events that drove growth and long-term sustainability.
